NDPE Implementation Reporting Framework*

PT Wilmar Nabati Indonesia, Gresik

As part of our commitment to transparency and continuous improvement, Wilmar adopts industry-aligned reporting frameworks to strengthen accountability and communicate progress towards our **No Deforestation, No Peat and No Exploitation (NDP)** commitments.

Since 2019, Wilmar has actively participated in the **NDPE Implementation Reporting Framework (IRF)**, a collaborative initiative led by the **Palm Oil Collaboration Group (POCG)**. The IRF provides a standardised framework for companies to assess, monitor and report the implementation of supplier NDPE commitments across their palm oil supply chains.

In 2025, the IRF was updated to **Version 6.0**, strengthening requirements related to traceability, monitoring and verification, supplier engagement and continuous improvement. The updated framework also places greater emphasis on smallholder inclusion and landscape-level approaches, supporting more effective management of sustainability risks and broader sector transformation.

Under the IRF, supplying mills are assessed and categorised according to their implementation of NDPE commitments across the three pillars of Deforestation, Peat and Exploitation. The assessment considers information related to:

- i. Sourcing
- ii. Certification status
- iii. Grievance management
- iv. Monitoring and verification mechanisms
- v. Implementation progress across own plantations, third-party plantations and smallholders

For more information on the NDPE Implementation Reporting Framework, please visit <https://www.ndpe-irf.net/>

NDP IRF Profile (No Deforestation and No New Expansion on Peat)
